

North East Indian Linguistics

Filesize: 2.66 MB

Reviews

This book might be worth a read, and superior to other. Of course, it really is engage in, still an interesting and amazing literature. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Prof. Valentin Hane MD)

NORTH EAST INDIAN LINGUISTICS

DOWNLOAD

Cambridge University Press, Cambridge, UK, 2008. Hardcover. Book Condition: New. Dust Jacket Condition: New. First Edition. The North East of India is one of the most rich and diverse cultural-linguistic regions of Asia. However, awareness of this is not widespread and as a result, the linguistic abundance of the region has not been sufficiently appreciated. Students and scholars from different parts of India and the world are now making efforts to turn around this scenario. North East Indian Linguistics is a result of such concerted attempts. This book is the first published collection of selected articles on North East Indian linguistics. The articles represent the current state of research in the field. The authors have adopted a variety of approaches to the study of the multifarious North East Indian languages Ao (Naga), Assamese, Atong (Bodo-Garo), Bishnupriya, Garo, Khamti (Tai), Khasi, Kurtoep, Singpho, and the Tani languages, Apatani, Galo and Mising. The areas addressed in this book include descriptive phonology, lexicon, morphosyntax and semantics. The book also discusses general topics regarding fieldwork and orthography development. North East Indian Linguistics will be of interest to students, scholars and professionals in South and South East Asian linguistics and related fields, particularly to those involved in the study of languages of Austro-Asiatic, Indo-Aryan and Tibeto-Burman stock. The book will also benefit those with a concern for minority and endangered languages, and cultures. Contents Introduction Foreword Phonology 1. Kurtöp Phonology in the Context of North East India 2. Working with Tones in North East India The Tonal System of Numhpuk Singpho, Assam 3. Tonality and the Analysis of Sub-Minimal Words in Ao 4. Change with Continuity in the Boro-Garo Languages Lexicon 5. Lexicon in a Contact Language: The Case of Bishnupriya 6. Shafers parallels between Khasi and Sino-Tibetan 7. An Exploratory Study of the Terms...
