Reviews

Good e-book and beneficial one. I was able to comprehend everything out of this published e pdf. Once you begin to read the book, it is extremely difficult to leave it before concluding.

PROFIT FROM INSIDER TRADING (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Follow the insider purchases could be very profitable. No one knows the company and the sector better than the insiders of the company. The following represent good hints and traps of using this information. Ignore most sales as insiders sell the stocks for different reasons such as diversification, buying a mansion, divorce settlement, etc. Only consider sales if insiders are dumping most of the owned stocks. In this case, you want to short the stock. Consider the net purchases (= Total Purchases - Total Sales). Only consider purchases close to the market prices. Ignore all options. True insiders are officers such as CEO and CFO. Cluster purchases is a better indicator. Consider market timing (Chapter 2-3). When the market is going to plunge, all stocks most likely will go down. Consider basic fundamentals (Chapter 6-12). If the fundamentals are bad, the stock most likely will not rise. There are exceptions such as approval of a new drug or unexpected profit. Consider technical analysis, charts (Chapter 15-17). This book guides you step-by-step to make the entire process profitable and easy to follow. First, it provides you with the best, free web sites to obtain insiders purchases and shows you how to separate real gems from garbage for maximum appreciation potential. I have two performance summaries (Chapter 1): one based on my stocks with insiders purchases and one from a web site. Both prove that following insiders purchases is profitable. Most chapters besides Insider Trading are copied from my other book, Debunk the Myths in Investing. In other words, it is a simplified version of that book concentrating on insider trading. This book provides all the tools...
