Date :2010-5-1. Just entered high school. the students are confident. intellectual curiosity. there is the strong desire to learn high school curriculum. And proved. after a period of learning. they generally do not feel like junior high school curriculum courses as easy to learn - become more intellectual content. and more boring. abstract. Early in high school. they often feel at a loss. I do not know where to start. a lot of student achievement compared with the middle period in a serious decline. This phenomenon is caused by a variety of reasons. the most important reason is not resolved between the middle and high school subject knowledge and learning of articulation. We know. because the state compulsory and quality education. the difficulty of the current junior high school teaching materials. have greatly reduced the depth and breadth. and those in high school are often used in junior high school knowledge. are concentrated in high-added learning phase. which knowledge of junior and senior high caused the fault. In addition. most of junior...
