DOWNLOAD

John Hunt Publishing. Paperback. Book Condition: new. BRAND NEW, The Thoughtful Guide to Faith, Tony Windross, This book is for anyone who would like to take faith seriously but finds their intelligence getting in the way. It outlines, in 37 short chapters, many of the objections raised to formal Christian religion, and suggests ways of dealing with them which do not compromise people's intellectual integrity. It sometimes seems that religion is only for those who can switch their brains off, and so many bizarre things are said in the name of Christianity that it's hardly surprising if most thinking people want nothing to do with it. The claim made here is that Christianity is far more about the way we live than the way we think, that faith can work for all of us, and that what we may or may not believe must never be allowed to get in the way of faith.
